10mL INSULIN VIALS CONSTRUCTION SPECIFICATIONS

Item No. 62121iv-10 or 62421iv-10

NOTE: These insulin vials require 13mm seals

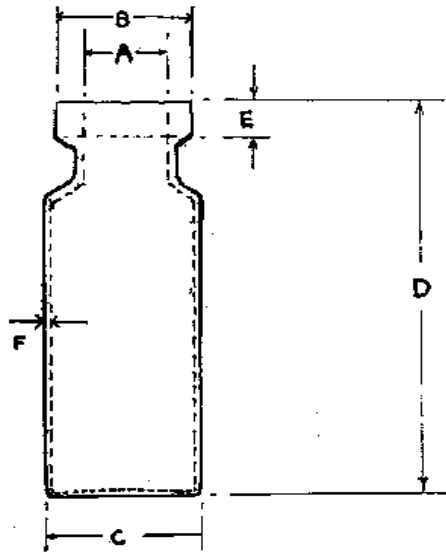

10mL AMBER INSULIN VIALS ARE ALSO AVAILABLE

62121iv-10: 10mL Clear Insulin Vials

62421iv-10: 10mL Amber Insulin Vials

Both require a 13mm seal and stopper.

Our 10mL serum vials with a 13mm crimp finish are referred to as an "insulin vial", but the application and suitability are entirely the users discretion (biologicals, chemical reagents, etc).
